To Whom It May Concern

Re: PC PATCH

Red Wolf High Level Security Ltd have been using PC Patch for the last five years for the supply and repair of PC equipment for our in house use and for the re sale as part of the Access Control and CCTV solutions installed by Red Wolf.

We have found Neil and his team to be highly responsive and customer focused. No issue is too much trouble for PC Patch and they are always willing to help us out at short notice.

We would highly recommend PC Patch to any company looking for a high quality supply partner.

Yours sincerely
